Wire Range (solid)	16-26 AWG
Connector	2x3 Header
Lead Free	Yes
Temperature Rating	-15°C to +70°C

This 2x3 header breakout board provides a convenient method of accessing all the contacts of a female header or IDC connector. Each of the 6 connections are brought out to a screw terminal for fast and secure termination to wires. This board also features a prototyping area to enable in-circuit modifications as well as easy probing/diagnostics. The prototyping grid has a standard 0.1" pattern to enable compatibility with a variety of components. The rubber feet on this model provide clearance for the connections on the bottom making it perfect for a lab environment where it can be placed directly on a bench.
